Student Budget

You will find on this page some indications to help you draw up your budget! All the information and official procedures will be sent to you as soon as you are admitted to IMT Atlantique.

Student Life and Campus Contribution (CVEC)

For the year 2020-2021, the amount of this contribution is €92. You will be required to provide us with a personal certificate of payment of the CVEC when you register for the administrative registration. More details on this contribution here.

Please note: from the start of the 2020 academic year, students who are on gap year must pay the CVEC regardless of the form and duration of the CVEC. More information at this address, in the "Registration fees" section.

Tuition fees

For the year 2020-2021, tuition fees for new students entering our FISE University of Engineering will be increased to:

- 2650 € for European students,
- 4150 € for non-European students (except specific agreement or conventions).

For FISE 2nd year:

- 2650 € for European students,
- 4150 € for non-European students (except specific agreement or conventions).

Social grants

IMT Atlantique has entrusted the management of scholarships based on social criteria to the CROUS from the start of the 2020-21 academic year.

An instruction from the Institut Mines-Télécom defines each year the rules and procedures for social grants for IMT students for the academic year. It can be consulted on the intranet. CROUS scholarship students are exempt from paying tuition fees and the CVEC (Contribution de vie étudiante et de campus). The amount of the scholarship depends on family income and the situation of the tax household.

Who can receive this social scholarships?

- Students of French nationality,
• foreign students who are nationals of one of the Member States of the European Union, of another State party to the Agreement on the European Economic Area or of the Swiss Confederation, or children, spouses or partners of a national of one of the Member States of the European Union or who have long-term resident status in a State of the European Union or whose father, mother or legal guardian has such status (conditions to be met)

At the beginning of the university year, CROUS scholarship students must present their conditional notification of a scholarship at the time of administrative registration.

**Other expenses**

**Catering**

Allow between 3€ and 4€ for a meal if you eat at campus restaurants. This corresponds to about 220 € per month.

Add to this the cost of any breakfast in the cafeteria; on average €2.

**Accommodation**

The 3 main campuses offer accommodation possibilities in the Student House. Prices vary between 271 € and 577 € depending on the type of room/studio.

A deposit of 300 €, returned within the legal deadline of 2 months maximum, and a handling fee of 80 € are required.

Housing aid may be granted by the CAF.

**Membership of the Students' Association**

Membership fees for student associations, which include all student activities and events organised, for the entire university year, are:

• 210 euros for students in general engineering training (FISE),
• 105 euros for students in engineering training by apprenticeship (FIP, FIL)
