Clubs and Societies

Daily life for IMT Atlantique students sees them getting together for the many extracurricular activities, including sports and cultural events, which complement their academic courses throughout our Campuses.

The university has twenty societies and roughly one hundred clubs! Drop in to the Fablab or the Observatory, for example, where you'll find many opportunities to discover, learn, create and share.

The student executive board or “bureau des élèves” (BDE) coordinates the various clubs and societies and manages the student bar and relaxation areas (Brest and Nantes) where students enjoy a friendly and festive atmosphere. The BDE is also the intermediary between the students and the IMT Atlantique administration.
Some examples of events organized by student groups:

**The "Cartel"

This inter-universities sports challenge between engineering students where several students compete in a variety of sporting disciplines. In 2018, this event took place in Douai, in Northern France. For further information: https://www.facebook.com/Cartel2018/

**The Culture Trip

In May of the second year of your studies, a culture trip is offered by the Arts Society or ("BDA").

Students can avail of this week-long trip to destinations such as Amsterdam, Florence or Prague. The "BDA" books all transport, accommodation and cultural activities including museum visits, dinners in local restaurants and special cultural evenings for an unforgettable college trip.

**The "Edhec" Sailing Race

For the last 3 years, IMT Atlantique, in partnership with "Crédit Agricole de Bretagne" has given students the opportunity to race on a fabulous boat.
