Tuition, fees and Campus life

Annual registration fees and the Student Life Contribution on Campus (CVEC) are set each year in accordance with current regulations. The school does not apply tuition fees.

When you enrol, you will sign an employment contract with IMT Atlantique, or with other employers in the case of a CIFRES contract, or in some cases you will receive a research allowance from an organization/institution. You can also be paid on a research contract when your thesis is part of a research project. In the case of a dual supervision (cotutelle), you will also sign a convention de cotutelle agreement which defines the particular conditions of your doctoral program (registration, time spent on different sites, supervision, defense, graduation).
