A LEADING GRADUATE ENGINEERING SCHOOL
ENERGY, ENVIRONMENT AND DIGITAL TECHNOLOGY
FRANCE
IMT Atlantique is a French Engineering Graduate School – or “Grande Ecole” – created in January 2017 following the merger of Mines-Nantes and Télécom Bretagne. It offers programs in the fields of Energy, Environment and Digital Technologies through a selective admission procedure.

IMT Atlantique has established strong links with companies in France and overseas, as well as cooperations with prestigious universities and research centers throughout the world.

The institute is ranked among the top ten “Grandes Ecoles” in France, and is a member of IMT (Institut Mines-Télécom), the largest group of public engineering and management higher education institutions in France.

It is recognized in the world’s most prominent rankings:

**FRENCH TAUGHT PROGRAMS**

Master’s of Science in Engineering (“Diplôme d’Ingénieur”)

- Healthcare engineering
- Energy, nuclear and environmental engineering
- Computer science and networks
- Industrial engineering and organizations
- Robotics, electronics, automation, telecommunications and embedded systems

Postgraduate Professional Certificates in Information & Communication Technologies

**ENGLISH TAUGHT PROGRAMS**

Master’s of Science

- Process and bioprocess engineering - PBPE
- Nuclear engineering - NE
- Information technology - IT
- Management of production, logistics and procurement - MPLP

European Joint-Masters Courses

- Management and engineering for environmental and energy engineering - ME3
- Safe and reliable nuclear applications - SARENA - Erasmus Mundus Label

**PhD Programs**

**SHORT PROGRAMS**

- French summer school
- WASAA academy
RESEARCH

> A significant contribution to research development with 6 mixed research units (5 CNRS and 1 Inserm).
> Funding of 3 ERC projects in recognition of the quality of its research (European Research Council grants)
> H2020: MSCA ITN 2018 coordination
> 2 academic chairs and numerous scientific awards
> 300 PhD students

DEVELOPMENT AND INDUSTRIAL RELATIONS

> 8 industrial chairs
> 1 incubator on 3 campuses (45 companies hosted, 15 new startups per year)
> An active contribution to regional economic development
> A worldwide network of business partners, among them: Airbus, BNP Paribas, Capgemini, EDF, GE Healthcare, Société générale, SPIE, Orange, Thalès, Veolia…

INTERNATIONAL EXPOSURE

> Listed in prestigious world university rankings
> 180 university partners
> Over 50 double degree agreements
> Erasmus + programs coordination / participation
> 4 offshore programs (China, Ivory Coast, Morocco, Vietnam)
> Masters courses taught in French and English
> More than 70 nationalities on our campuses
> Strong involvement in Franco-Australian cooperation through WASAA program
